Good Day,

We would like to inform you of the passing of Ernest L Huval. He served with the 82nd Combat Engineer Battalion during WWII. He was a loving husband, great father and a good friend to all. He was very proud of his service during WWII. If you met him, he would make sure to let you know that he served his country.

As his family we often heard the stories of his time during the war. In 2008 we helped him document all of the treasured items he kept from that time. Attached is a write up from our local paper that tells the some of the stories he could remember. The picture is of a shadow box that holds some of the items. These were displayed at his funeral along with the article. He would have been proud that so many there stopped to read it and examine the shadow box.

If you post these online, please let us know. We would like to check out the website.

Thank you,

Mrs. Ernest Louis Huval
